

**Joseph Gerrard**

Marketing Executive  
Manchester | Head Office

**My typical working day**

"Checking emails, morning meetings, working on multiple projects, collaborating with colleagues across the business."

I joined inTEC in...

**Jan 2024.**

"Being creative and working with others."

*Best bits about my role...*

If I was stranded on a desert island, ONE item I would need is...

"A phone with 5G."

Maintaining work/life balance

"Deciding to turn off electronics after work and going for a long walk."

What most interests you about the tech industry?

"The fast pace environment."

My proudest moment so far...

"The 'Big Goal' charity project. Was really insightful and I had great pride in organising and promoting it for inTEC."

I define success as...

"By being happy in the situation you have made for yourself."

My pet peeve is...

"Chewing with your mouth open!"

Unknown fact about me!

"I can play bass & electric guitar!"
