My typical working day

I review the day's diary for client meetings, plan prep time, check emails, and schedule 30 minutes daily to focus on broader objectives.

I joined inTEC in...

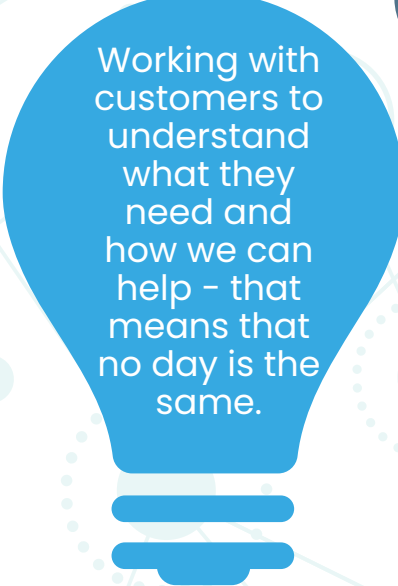

2016

If I was stranded on a desert island, ONE item I would need is...

A Swiss Army knife so I could go in to full survival mode

What most interests you about the tech industry?

It's constantly evolving!

Working with customers to understand what they need and how we can help - that means that no day is the same.

Best bits about my role...

Maintaining work/life balance

I have two children so have no choice but to switch into mam-mode once work finishes! We spend our weekends at parks, museums or soft play and then I enjoy a glass of Prosecco after 8pm!

My pet peeve is...

Rudeness

I define success as...

Happiness

My proudest moment so far...

Onboarded St Oswald's Hospice before maternity leave, understanding their needs and 24/7 charity challenges to provide the best solution, starting a strong partnership.

Unknown fact about me!

I was a contestant on 'Ant & Dec's Limitless Win!'
